IMPORTED MINERS

At Finlayville to be Protected by Deputy Sheriff.

FLOERSHEIM READY TO RESUME

With Negroes from West Virginia. An Expensive Luxury—Mr. Floersheim Declines to Say When the Men Will Arrive—Pittsburgh Mining Officials Have Nothing to Say.

PITTSBURGH, Pa., April 24.—No attempt has yet been made by operators to start their mines with imported men. It is known, however, that Henry Floersheim has placed an order with Dornor & Abrolia and with J. P. Perkins, of the Afro-American Employment Bureau, for men to work in his mines at Finlayville. Mr. Floersheim admitted this, but would not say when the men would arrive. The cars containing them will be run out to the mine property, and the men will be protected by deputy sheriffs from Washington county.

The Finlayville operator said the Germania mine is entirely closed, and refused to say how many men are at work in the Nottingham mine. He says he is not pushing the conspiracy cases against District Vice President Silas Cole, of the miners' union, and will not if they let his men alone. Mr. Cole says there are only eight men at work in the Nottingham mine.

It was reported that Boyle Bros. had made an attempt to start their large mine at Hackett Station, on the Wheeling division of the Baltimore & Ohio road, but this was denied by a representative of the company. It was intimated, however, that if the old men do not return to work men will be brought from other districts.

The importation of men usually means colored men from West Virginia, and they are an expensive luxury.

In the first place, the operator must pay for their transportation to the mine, pay the employment agents their usual charges for securing men, provide meals and accommodations for the new men, and in cases it is known that a guarantee, or bonus, is given the men. The operators in the fight seem to be determined not to yield or pay more than 60 cents. If they do not import men the bulk of the trade of this district will go to Ohio. This fact has started the report that the Ohio operators will likely contribute to the support of the strikers in the Pittsburgh district. In Ohio 60 cents is paid for mining, the same rate offered by the Pittsburgh operators. While the men insist on 9 cents more. This is done on the ground that Pittsburgh coal is far superior to any other coal. It is claimed that the coal in this region is valued at 25 cents a ton more than the coal of other districts.

The Pittsburgh district mining officials has nothing to say of the situation except that the conditions are the same as yesterday. No more mines are reported idle, and no more are at work at the operators' terms. Some contributions have been received from the working miners, and it is believed the assessments will be promptly paid.

The mass meeting at Toms Run yesterday afternoon was a large one. Addresses were made by leading members of the miners' organization. The men approved the action of the convention to continue the strike for 60 cents.

A BANK IS BURNED.

Thieves Secure Nearly \$23,000 From the First National Bank of Plainfield.

PLAINFIELD, N. J., April 24.—The First National bank, of this city, was robbed of \$22,765 Monday. It is thought the theft was committed while there were but two clerks in the bank, when a stranger entered and engaged them in conversation, while a confederate reached the vault through the directors' room.

The robbery was discovered when Cashier Frank S. Runyon was preparing to close the bank for the day. The money was in two packages. One contained \$20,000 in new bills, ranging in value from \$1 to \$1,000. The other contained \$2,765 in mutilated bills.

All of the bank employees were immediately notified, and it was found that at the noon hour only two clerks had been at the bank. At the front of the bank, receiving deposits, was David N. Runyon. His window is at the short end of the L-shaped counter, and faces the main street. The long end of the L fronts on a narrow passageway, turning to the directors' room, in the rear of the bank. The counter is topped with fixtures of scratched glass. Adelbert Vail, a clerk, was alone at the wickets. A stranger came in with a big sheet of paper, on which was written a list of notes. He engaged Vail in conversation. It is thought the robber was committed then. The bank officers believe that the robbery was the work of professionalists. The affair was kept from the public until today.

BUCHANAN HAS HOPE.

But His Young Wife Advises Him to Prepare to Meet Death.

SING SING, April 24.—Dr. Buchanan, before he retired last night, wrote a long letter to Governor Morton thanking him for listening to the appeal of his wife and for granting him a respite of a week. In the letter the condemned man also referred to what he considered the doubtful portion of the testimony produced against him on his trial and of the injustice of executing him without giving him another chance for his life. Buchanan's young wife came direct from Albany last night to Sing Sing and spent considerable time with her husband in the prison. Buchanan told her that he did not expect to be executed next week, and he still had strong hope of escaping the death penalty. Mrs. Buchanan, who was much affected by the interview, told him on taking her leave not to have too strong hope and that she thought it best for him to prepare to meet death.

Buchanan's final words to his wife were to keep up courage, to see his lawyers to-day and urge them to take advantage of whatever chance there might be to prevent the execution of the death sentence next week.

A Formal Protest.

BERLIN, April 24.—A despatch received here from Tokio to-day says that the envoys of Russia, Germany and France have formally protested at the Japanese ministry of foreign affairs at the incorporation by the terms of the treaty of peace between China and Japan of any of the Chinese mainland in the Japanese empire.

STATE NATIONAL GUARD.

The Announcement of the Encampment at Wheeling Evidently a Mistake—The Schools of Instruction.

MORGANTOWN, W. Va., April 24.—The dispatch in the INTELLIGENCER a few days since announcing that the governor would issue orders for the encampment of the State National Guard in Wheeling, May 20, if not a mistake of the correspondent, is a mistake of the governor, because under the military statute he cannot call an encampment except between the dates of July 15 and October 20. Even if this were not the law, an encampment upon such short notice would be an impossibility, as much more time is required to get ready for this occasion. The money with which the new companies of troops will be equipped is not available until July 1. The new companies to be equipped are those of Palatine, Charles Town, Berkeley Springs and Piedmont, of the First regiment, which will make the regiment full.

Beginning May 20 Col. R. E. East will hold a military school here to last one week, and Colonel Thomas E. Hodges will likewise hold a school for the officers of the Second regiment at Huntington. This instruction is usually given during the encampment, and the change is made in order that the instruction may be made effective and that the time of the officers may not be taken away from the routine work of the encampment.

May be at Parkersburg.

Special Dispatch to the Intelligence.

CHARLESTON, W. Va., April 24.—Adjutant General Holley says the place for holding the next grand encampment has not yet been decided upon. It seems probable that Parkersburg will be chosen.

Presbyterian Convention.

Special Dispatch to the Intelligence.

CALDWELL, Ohio, April 24.—The St. Clairville Presbyterian convention at this place closed its annual session to-night. Last night the Caldwell Presbyterian church, which was demolished by a cyclone on July 31, 1893, was formally rededicated with imposing ceremonies. Rev. John S. Plumer delivered the dedicatory sermon. The session just closed was largely attended, and a vast amount of interest was displayed throughout. The next session will be held at Cumberland in September, 1895.

A Dangerous Man.

Special Dispatch to the Intelligence.

STEVENSVILLE, O., April 24.—William Horner was arrested to-night for stabbing John Johns, a rival saloon keeper, last night. Horner went to Johns' saloon and seriously cut him without provocation. This evening Horner returned to Johns' saloon, threatening to shoot him if he found him, when he was arrested. Horner has delirium tremens.

KILLED THE BILL.

New York's Police Reorganization Bill Defeated in the State Senate.

ALBANY, April 24.—The police reorganization bill has been defeated in the senate by a tie vote, yeas 16, noes 16. Bradley, Coggeshall, Reynolds and Robertson (Republicans) voted with the Democrats.

The bill was one of those known as the Lexow bills, and provided for the reorganization of the police department of New York city by the bi-partisan police commission, which was given power to report for dismissal any officer or officers who might be shown to the satisfaction of the commissioners to have been inefficient or corrupt. The bill also enlarged the duties and powers of the superintendent of police. The fact that the commission was to be bi-partisan caused opposition by the New York committee of seventy and by the committee of ten. It has also been understood that Mayor Strong was opposed to the bill. In the assembly it was amended, giving to accused policemen the right of appeal. In the senate today this amendment was defeated, the deciding vote being cast by Lieutenant-Governor Sexton. When the bill came upon its passage twelve Democrats and the four Republicans named above voted against it, and sixteen Republicans voted for it. Upon the question of the final passage of a measure the lieutenant-governor has no vote, and so the bill was killed.

JURY DISAGREED

In the Case of the Duober Watch Company Against the Trust.

New York, April 24.—The jury in the suit of the Duober Watch Case Company, against the American Watch Company, which is composed of the Waltham, Elgin, Day State, Brooklyn, Seth Thomas and several other watch and watch case manufacturing companies, announced to-day in the circuit court, part 1, before Justice McKellin, that it was unable to agree. The jury had been locked up since 2 o'clock yesterday and it was said, stood nine to three in favor of the defendant. The suit was for \$500,000 damages brought on the grounds of conspiracy. The Duober company claimed that the American Watch Company was a trust and that it boycotted every firm that bought from the Duober company.

Oscar Wilde's Trial.

LONDON, April 24.—The application of counsel for Oscar Wilde to have his trial, which is set down for Friday next at the old Bailey court, postponed on the ground that his lawyers have not had sufficient time to prepare for the defense, and that the present state of public feeling made a fair trial impossible, was refused to-day. Oscar Wilde's home was sold out by the sheriff to-day in the presence of a great crowd of curiosity mongers.

American Papers Barred.

CONSTANTINOPLE, April 24.—The Turkish government has issued orders refusing admission into the Turkish empire of any newspapers containing the letter from the special correspondent of the Associated Press in Armenia, received here on April 19, announcing that the Armenians were planning a revolt against Turkish rule.

Death in a Cock-Pit.

LEON, MEX., April 24.—By the collapsing of the amphitheatre, which surrounded a cock-pit at the village of Huila, six men have been killed and several wounded. The arena was crowded, and the deaths were principally from suffocation.

KURINO IS SICHENE.

The Japanese Minister Not Worried Over Disturbing Reports From Europe.

WASHINGTON, D. C., April 24.—The Japanese officials here are disposed to treat lightly the reports from European capitals as to trouble over the China-Japan settlement. Minister Kurino is satisfied all will be amicably arranged, if, as he jocularly expressed it, "a temporary armistice of European press reports can be arranged."

In other official quarters, however, there is considerable apprehension at the menacing attitude of Russia, Germany and France. The report that Russia had instructed her ambassador at Peking to demand a cessation of territory for a harbor on the Pacific, confirms the view that Washington diplomats have long held, that Russia would obtain Port Lazareff before the negotiations ended. A prominent diplomat who has visited Port Lazareff says it is a superb harbor and will give Russia one of the finest naval stations on the Pacific. The cables fail to bring out the fact, however, that Port Lazareff is in Korea, not China, so that the Russian demand, while primarily made on China, must also be made to Japan, and to Korea if the latter's independence is recognized. The failure of England to join in the menacing action of other European powers is explained by officials on the ground that England already has her Asiatic possessions and Pacific naval stations, so that she is anxious to maintain the status quo, while the latter powers are anxious to secure similar territorial and naval advantages.
